WELCOME MESSAGE FROM THE VFBV VICE-PRESIDENT RURAL

Welcome one and all to Werribee for the 2013 State Rural Championships. A large number of Brigades have entered, many are veterans after attending many Championships and some are here perhaps for the first time. I trust that you all have a successful and enjoyable time and go home happy in the knowledge that you have represented your Brigade to the best of your ability.

There are many to be thanked for the time and effort expended to ensure a successful Championship, some are obvious and some working behind the scene are not so obvious.

The State Championship Committee chaired by Gerry Neyenhuis with considerable support from this year's District 14 Host Committee chaired by Colin Squires have worked tirelessly, the tower riggers and DMO's under the leadership of OIC Gary Drabch have responded once again and we just wouldn't have an event without their support, the backroom personnel who undertake a whole range of tasks are vital to the efficient running of the event (the quick preparation and distribution of results is something we take for granted), the large team of officials who keep the program moving and ensure that all teams are given the best opportunity to perform. We are indebted to them all for their interest, time, expertise and effort.

Then we have the many sponsors who provide considerable support, we could not do without you. A huge welcome and thank-you to Hino for coming on board as this years Major Sponsor.

The CFA itself is here in force with a range of displays, activities and considerable "behind the scenes" support. It is gratifying to note the presence of many senior CFA personnel attending over the weekend. Thank you all.

This Summer has seen the CFA out there in the community doing what it does best, a number of major fires have required a massive and prolonged support whilst the normal Summer business has continued at the same time. Several strike teams and IMT teams have travelled across our borders with neighbouring States to provide assistance when required. Our community turns to the CFA in times of need and as an organization, we respond admirably - amongst all this the Brigades here today find time to practice and hone their skills...what a wonderful organisation to be part of. Our involvement is something to be very proud of.

Please enjoy the opportunity to renew acquaintances, make new friends and to enjoy the fellowship that exists within our large family. Compete strongly and enjoy your successes but most of all be aware that taking part is more important than winning. Good luck in all your endeavours.

Bruce Vine AFSM
VFBV Vice President

WELCOME MESSAGE FROM THE CFA CHIEF OFFICER

In welcoming competitors, spectators, organisers and officials to Werribee for the 2013 Rural State Championships, I'd like to acknowledge the hard work and commitment shown by everyone in preparing for this wonderful event.

The Rural Championships provides a brilliant opportunity to showcase the skill, enthusiasm and spirit of friendly competition within CFA. It's a great opportunity for us to come together, support our competitors and celebrate the camaraderie that embodies CFA. The championships are a fantastic show of support, interest and enthusiasm from our members in rural fire service volunteering. I thank you and congratulate you on your commitment.

Many competitors and supporters have travelled a long way to be in Werribee. Your attendance is critical to the success of the event and we appreciate the challenges you have made to get here, especially considering the busy fire season we have just experienced. I'm very proud of the great service that has occurred in local responses and strike teams across the state. I would like to take this opportunity to say a big thank you for a job well done.

Competitions are important. These events give us the opportunity to practice basic firefighter skills that form the basis of our response to the community. Firefighters who have honed their skills through competitions are more proficient and confident in fireground skills when it comes to real emergencies.

Good luck to all competitors this weekend. I thank each of you and your supporters for your willingness to train and be involved.

Above all remember to be safe and enjoy the friendship that comes with the 2013 Rural Championships.

Euan Ferguson AFSM
Chief Officer

WELCOME MESSAGE FROM THE MAYOR

On behalf of Wyndham City, I would like to welcome you to the 2013 Volunteer Fire Brigades Victoria Rural Championships at Werribee Park.

Wyndham is proud to be hosting this prestigious event for the third time, (1988, 2011 & 2013) with the two-day carnival set to attract more than 3000 competitors, supporters and officials from around the state.

The championships will test firefighters across a range of disciplines with more than 100 senior and junior teams from fire brigades from across Victoria expected to take part in one of the major sporting and social dates on the calendar.

Wyndham City is a proud sponsor of this year's championships which celebrate the skills of our volunteer firefighters and their hard work, dedication and commitment in helping others in times of emergency.

On a daily basis, volunteer firefighters make enormous personal sacrifices and extraordinary efforts to ensure people and properties are saved from the ever-present threat of fire.

These championships are an opportunity for the community to recognise the hard work of our volunteer firefighters and to show our support and appreciation for the contribution to society.

Cr Heather Marcus

57th STATE SENIOR CHAMPIONSHIPS

Saturday, 6 April 2013

Competition Events

To commence at 0915 hours sharp.

Official Opening

The Official Opening will commence at 0840 hours.

Conduct Event

Judging will commence 30 minutes before start of competition and conclude at 1500 hours approximately. The points awarded with this event will not be included in the aggregate results

COMPETITION EVENTS

Competition will be conducted in accordance with the revised VFBV State Championships Rules published in December 2008, and subsequently issued amendments. The Rules are available on the VFBV Website.

The Events will be as follows:

- Event 1: Low Down Pump & Ladder – 5 competitors
- Event 2: Hose & Ladder – 4 competitors
- Event 3: Tanker Hose Reel & Ladder – 5 competitors
- Event 4: Tanker – Priming, Pumping & Ladder – 4 competitors
- Event 5: Hydrant & Tanker – 4 competitors
- Event 6: Tanker – Drawing Water From Tank – 4 competitors

Guidelines

The following guidelines apply to the entry of teams to the VFBV Senior State Championships:

- A grading system (A, B and C) applies to all teams entered in the Championships.
- The grade allocated to the team applies for the whole day, not for each event.

Grades have been allocated on the following basis:

- The average of the times by each team in the six events at the 2012 State Championships have been used to classify each team. New teams are automatically classified in C division;
- Teams are graded each year; the Association Executive Officer reserves the right to modify grading's on a case by case basis. All requests for considerations must be in writing prior to the close of entries each year.

The brigade aggregate winners in each Division will be determined by their event placings, with an aggregate trophy being provided to the winning brigade team in each Division, and a station trophy for the second place-getter.

STATE CHAMPIONSHIP AGGREGATE WINNERS

Year	No.	Venue	Host Region	Aggregate Winner
1957	1st	Strathfieldsaye	Region 21	Region 21

FIREFIIGHTERS SPRINT - SENIORS

Following the Tanker Drawing Water Event, the Firefighters Sprints will be conducted over 50 metres with one female competitor per Brigade eligible to compete in the Female Sprint and one male competitor per Brigade in the Male Sprint, and subject to the time of day and track conditions.

For each Sprint, the two fastest in each heat will run off in the final. Trophies kindly sponsored by the Host Committee will be awarded to the winners.

Each Sprint to be conducted in alphabetical order as listed above, excluding those brigades marked with an *

GENERAL INFORMATION

There are a number of features of these Rural Championships common to all events.

All track measurements are taken from a line across three running tracks called a start line.

The bar line is located 40 metres forward of the start line for all events. The line is located below the bars against which the ladders used in the ladder events are placed. There is also a tanker line (on which the replica tanker stand is placed), and an equipment line located at varying distances forward of the start line depending on the event.

The target lines are located forward of the start line, as is also the finish line in those events where it is required. Other equipment such as hydrants, targets, suction hoses and portable dam, are located at specified distances depending on the event, to the left and right of a centre line down the middle of each running track.

A mock-up of the rear of a tanker (a firefighting vehicle fitted with a tank capable of holding either a 2000 litre or a 3000 litre water tank and equipped with a motor and pump) is provided for all tanker events. This is known as a Replica Tanker Stand. These stands, built to a standard design, have been constructed to overcome difficulties encountered in providing firefighting tankers exactly alike and to avoid difficulties likely to arise from taking heavy tankers onto sporting ovals.

A number of disqualifications, some of which are applicable to all events, are provided in the Competition Rules to ensure that all equipment is handled safely and carefully, so as to encourage safe and efficient firefighting procedures.

- ALCOHOL –

No alcohol is to be taken onto or consumed on the arena. This will be strictly policed.

- VIDEO CAMERA EVIDENCE -

By direction of the Competition Committee video camera replays will not be allowed to be submitted in support of team protests to the Protests Committee.

- FILMING WAIVER –

The State Competition Committee advises all guests and competitors that it will be carrying out filming of events during this year's championships in order to be used in a Training DVD for brigades and competitors. As filming will occur in a public place, waivers are not required, however if any guest or competitor does not specifically wish to be filmed, please visit the Secretariat tent.

TROPHIES

Grand Aggregate

Rural Finance Corporation Grand Aggregate Perpetual Trophy (Seniors) and a Station Trophy provided by Volunteer Fire Brigades Victoria for the Juniors.

Aggregate Teams in Division

A Station Trophy provided by Volunteer Fire Brigades Victoria will be presented to the team with the highest aggregate points in each Division. (A, B & C)

Division Aggregate Second Placegetter Trophies

A station Trophy Provided by Volunteer Fire Brigades Victoria will be awarded to the aggregate second placegetter over all events in each Division.

Keith Filbay Conduct Shield

Presented as a perpetual trophy to the District achieving the highest points in general behaviour, dress, and punctuality of their team members on the competition ground, between the commencement of competition events and 1800 hours.

Event Perpetual Trophies

To be awarded to the team with the fastest recorded time in each event out of the three Divisions. Event Perpetual Trophies are as listed on Each Events Results page.

Medallions

Individual awards will be presented to the teams running 1st, 2nd and 3rd in each event in the Senior Divisions A, B and C, and in the Juniors 11-13 years and the Juniors 11-15 years.

Stan Ross Conduct Trophy (Juniors)

Presented as a perpetual trophy to the brigade achieving the highest points in general behaviour, dress and punctuality of their team members on the competition ground, half an hour prior to the commencement events and 1500hours.

Gilbert O'Connell AFSM Memorial Trophy (Juniors)

An encouragement award for a Junior Team in 11-13 years section. To be presented to a team that shows endeavour, enthusiasm, behaviour both on and off the running track, exhibits qualities such as fairness and the potential for improvement while having fun and enjoyment.

JUDGING GUIDELINES

- A team must compete in at least two events
- Teams winning a perpetual trophy or finishing top three in more than two events are ineligible.

EVENT DESCRIPTIONS

Event 1: Low Down Pump and Ladder

Although the type of hand operated pump used in this event is fast becoming obsolete in the rural fire service (it is normally used for pumping from a static water supply) it is still utilised for competition events as it provides excellent practice for younger brigade members. The competitors are required to connect suction and delivery hoses to the so-called low down pump. A competitor wearing a safety harness fitted with a clip to hold the delivery hose ascends the ladder which has been raised and placed against the bar, and activates the target with a stream of water which must be directed from above the bar. The competitors operating the pump must have both feet clear of the ground while pumping.

Event 2: Hose & Ladder

The purpose of this event is to train firefighters in the speedy and efficient coupling of hoses to the tanker pump and in direction water at a target. The four competitors in this event are required to disconnect a coupling laid out between the tanker stand and the bar line, and connect coupling to the pump outlet. A competitor is required to hold the ladder against the bar while another ascends the ladder and activates the target.

Event 3: Tanker Hose Reel & Ladder

This event is an exercise in the use of the equipment provided on tankers. The five competitors are required to connect a length of delivery hose to the tanker pump and strike a target with a stream of water. A second length of hose is then connected to the first length and the second target which is 34 metres down the track from the position where the ladder is placed, is then struck also. That second hose is then uncoupled, returned and coupled to the second delivery outlet of the pump. A competitor then ascends the ladder with the hose and activates the third target.

Event 4: Tanker – Priming, Pumping & Ladder

This event combines the skills of connecting equipment to the appliances and manually priming the pump to provide a stream of water. The event is designed to replicate conditions in field with the use of a pump lifting water from a dam (in this case a portable dam).

Event 5: Hydrant & Tanker

The four competitors shall run to the tanker, collect hydrant and soft suction hose, remove ground plug and fit hydrant to lugs. One end of the soft suction will be fitted to hydrant and the other to the tanker filler inlet. The rolled NRL hose will be collected from RTS and bowled so that the loop extends over the 29.5 metre line. It will then be fitted to a delivery outlet, a branch fitted and target struck with water. The NRL hose on reel will be run out, connected to a delivery outlet, branch fitted and other target struck.

Event 6: Tanker – Drawing Water From Tank

The event requires the connection of two hoses to the pump and three targets to be struck. The first target is struck and then the second, but not before the first outlet had been cut off. The second hose is then uncoupled and connected to the end of the first hose, run out and the third target located further down the track is then activated.

DISQUALIFICATION LIST

1. Failure to complete event as per Running Details. (In all events)
2. Abuse of equipment. (In all events)
3. **Time.** Handling equipment after completion of run. (In all events)
4. Striking targets out of sequence. (Events 3, 5, 6 & Junior Event 2)
5. **Time.** Hydrant or couplings not being within 15mm of tightness. (Event 5)
6. Crossed threads or jammed couplings. (In all events)
7. Failure to activate any intermediate targets. (Events 3,5,6 & Junior Event 2)
8. **Time.** Not rewinding spare hose onto hose reel so that coupling is clear of ground, before completion of run. (Events 3,5)
9. **Time.** Either delivery outlet open sufficient to allow a flow of water other than a drip, without hose attached. (Events 2, 3, 4, 5, 6)
10. Ladder not locked in place prior to competitor commencing ascent. (Events 1,2,3,4)
11. Ladder not held in prescribed manner from time raised until completion of event and ladder handed over to Track Officials. (Events 1,2,3,4)
12. Hose not attached to safety harness during ascent and descent of ladder. (Events 1,2,3,4)
13. **Time.** Competitors not ascending/descending ladder in the correct manner. (Events 1,2,3,4)
14. Competitor not holding ladder in correct manner when activating target(s) and juniors having their feet above the 6th rung when activating target. (Events 1,2,3,4)
15. **Time.** Failure to activate target with a stream of water directed from above the bar. (Events 1,2,3,4)
16. **Time.** Breaking coupling outside designated metre square. (Event 2)
17. **Time.** Hose not bowled out across line 3 metres from back of trailer (Junior events 4 and 5)
18. Hose not being bowled out across Hose Bowling Line or not within the track dimensions when coupled. (Senior Events 4 and 5)
19. **Time.** Competitor/s not having both feet clear of the ground while pumping. (Event 1)
20. Not using the step/s provided when mounting and dismounting from tanker. (Event 4)
21. Pump not primed within 60 seconds of commencement of heat. (Event 4)
22. **Time.** Knotted, (but not kinked) hose lines at completion of event. (All events)
23. **Time.** Two streams of water appearing at nozzles at any one time. (Events 3, 5, 6 & Junior Event 2)

35th STATE JUNIOR CHAMPIONSHIPS

Sunday, 7 April 2013

COMMENCEMENT TIME

Competition events in the Junior Championships will commence sharp at 0900 hours.

EVENTS

Competition events will be conducted in accordance with the revised VFBV State Championships Rules published in December 2008, and subsequently issued amendments. The Rules are available on the VFBV Website.

The events will be as follows:

- Event 1A – Low Down Pump & Ladder (11-13 years)
- Event 1B – Low Down Pump & Ladder (11-15 years)
- Event 2A – Hose & Ladder (11-13 years)
- Event 2B – Hose & Ladder (11-15 years)
- Event 4A – Tanker – Priming, Pumping & Ladder (11-13 years)
- Event 4B – Tanker – Priming, Pumping & Ladder (11-15 years)
- Event 5A – Hydrant & Tanker (11-13 years)
- Event 5B – Hydrant & Tanker (11-15 years)
- Event 6A – Tanker – Drawing Water From Tank (11-13 years)
- Event 6B – Tanker – Drawing Water From Tank (11-15 years)

Conduct Event – Judging will commence 30 minutes before the commencement of competition and will conclude at 1500 hours approximately. The points awarded in this event will not be included in the aggregate results.

Following the last event a Firefighters Sprint over 50 metres will be conducted with ONE MALE and ONE FEMALE from each age group eligible to compete in alphabetical order as listed on Page 12. The two fastest in each heat will run off in a final. Trophies, kindly sponsored by the Host Committee, will be awarded to the winners.

Aggregate Trophies

Grand Aggregate Junior Champion Brigade - CFA Chairman's Perpetual Trophy, and a Station Trophy presented by CFA

Aggregate Champion Team 11-15 years - Perpetual Trophy, and Station Trophy presented by Country Fire Authority

Aggregate Champion Team 11-13 years - VRFBA Perpetual Trophy, and Station Trophy presented by Country Fire Authority

SHIFT TO A BETTER CLASS OF TRUCK.

Hino's ProShift Automated Manual Transmission provides the ultimate choice.

Featuring state-of-the-art electronic control for swift gear changing it has the potential to not only improve driveability, but also increase fuel savings. Versatile, powerful and efficient, this is what makes Hino's 500 Series a better class of truck.
